Pending meeting on WI CAFO transfer... do you recall if we got an attorney assigned... I know we were lobbying for one but I am not sure it ever got finalized. If not, we need to get this done before next week as it sounds like they are going to be giving us their attempt at filling out CAFO cross walk and want our review in the next 6 weeks or so.

Also, have you had a chance to look at LAR crosswalk Julianne got back from HQ? If not, please do so and let me know if you feel comfortable providing this to WDNR either at or before the meeting next week.

Thanks much!!!
Candice

Linda- I am going to be touring wastewater treatment plants with OWM management on Tuesday, but can be available Wednesday Sept 5th in the afternoon to meet with WDNR folks. I believe Kevin is off on the 4th but may be available on the 5th. Either way, I think we should move forward with this.

Also, we can either provide the Legal Authority review checklist at that meeting or I can email it before. This is the item we had not yet provided from our previous meeting... we got finally got a HQ staff-endorsed copy a couple weeks back.

Once we know what time in the afternoon works best, I will have Mark Compton work with folks on the logistics.
